

2015 International Year of Light

IYL Committee; Wikimedia Commons

# LIGO Light and Color Festival

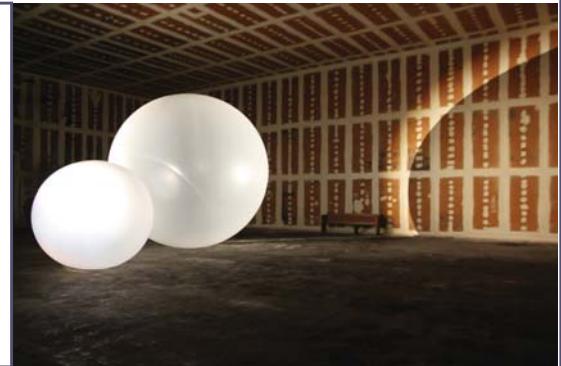

## Hands-on Science for All Ages

**LIGO Hanford**  
**September 26, 2015**  
**1:30 - 4:30 PM**

Travel through the spectrum! Visit LIGO on September 26 for lots of hands-on experiments with light and color. Celebrate the International Year of Light at this free family event!

### **Featuring Yakima Valley artist Andy Behrle**

Using light, color and sound, Andy Behrle explores the ways that we experience the world. His art merges physics with human perception. LIGO welcomes Mr. Behrle for a 2:00 PM presentation at our Light and Color Festival.
